EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 1-5 drawn to an invention non-elected without traverse. Accordingly, claims 1-5 have been cancelled.

The application has been amended as follows:

Cancel Claims 1-5.

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

Claims 6-18 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious an apparatus for polishing a substrate, comprising: a polishing station; a polishing pad mounted to said polishing station; and a washing device disposed at one side of said polishing pad, said washing device having a plate defining at least one feed hole extending therethrough; and a source of washing solution connected to said washing device so as to supply washing solution to a location atop said plate, whereby the washing solution drains through said at least one feed hole to form at least one free-flowing vertical stream that impinges the upper surface of said polishing pad to thereby eliminate polishing-pollutants from the polishing pad.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
